## Instructions for the Medical Supplies List

The list which follows describes medical supplies covered by Utah's Medicaid program and conditions of coverage. However, coverage and the Medicaid Prior Authorization requirements apply **ONLY** to medical supplies and equipment to be provided to a Medicaid client assigned to a Primary Care Provider or not enrolled in a managed care plan, or when the supplies/equipment are not included in the Medicaid contract with the managed care plan. Medicaid does **NOT** process Prior Authorization requests for supplies/equipment to be provided to a Medicaid client who is enrolled in a capitated managed care plan when the supplies/equipment are included in a contract with a managed care plan. Providers requesting PA for supplies/equipment to a client enrolled in a managed care plan will be referred to that plan. The list is updated by Medicaid Information Bulletins until republished in its entirety. Below is an explanation of each column heading on the table.

<b>CODE</b>	<p>This is the Health Common Procedure Code System (HCPCS) code used by Medicaid to identify the item. The item is for purchase, or lease/rental, or either purchase or lease/rental as identified by the codes below. Reference: SECTION 2, <u>Medical Supplies</u>, Chapter 4, PURCHASE OR RENTAL OF EQUIPMENT</p> <p><b>Purchase only:</b> No code letters follow the item number code.</p> <p>Example: Sample code reimbursed for purchase only <span style="border: 1px solid black; padding: 2px;">A4245</span></p> <p><b>Purchase or Rental:</b> Code <i>P</i> or <i>RR</i> below the item code number indicates the item may be reimbursed for either purchase or lease/rental.</p> <p>Example: Sample code reimbursed for either purchase or lease/rental. <span style="border: 1px solid black; padding: 2px;">E0164 P or RR</span></p> <p><b>Lease/Rental:</b> Code letters <i>LL</i> means the item is a capped rental after 12 months of rental. Medicaid considers the item purchased and no more rental reimbursement is allowed. New equipment must be placed at the beginning, during or at the capped 12 month conversion to a purchase.</p> <p>Example: Sample code reimbursed for either purchase or lease/rental. <span style="border: 1px solid black; padding: 2px;">E0260LL</span></p> <p>CPAP, E0601LL; BPAP, E0470LL and the associated Humidifier, E0567LL devices are capped but these caps are not considered a purchase and the equipment remains the property of the supplier. The supplier may bill using the additional modifier "<b>MS</b>" for maintenance and service of these devices every six months following the rental cap.</p> <p>Example: Sample code reimbursed for either purchase or lease/rental. <span style="border: 1px solid black; padding: 2px;">E0601LLMS</span></p>
<b>DESCRIPTOR</b>	This is the description used by the Health Common Procedure Code System (HCPCS) the description used by Medicaid to identify the item
<b>AGE</b>	When this column is blank, Medicaid covers the item from birth through any age. If there are age limits, these are entered numerically. The patient's age on the date of service must be within the age range specified. For example, "0 - 20" means for ages from birth through age 20.
<b>CRITERIA &amp; INSTRUCTIONS</b>	Specific information and criteria required by Medicaid before the item will be reimbursed.
<b>PA</b>	<p><b>Prior Authorization</b> is required by Medicaid when either of the following codes is entered in this column. Reference: SECTION 2, <u>Medical Supplies</u>; Chapter 6, PRIOR AUTHORIZATION</p> <p><b>T</b> - Telephone Prior Authorization</p> <p><b>W</b> - Written Prior Authorization.</p>
<b>LTC</b>	Indicates coverage for a resident of a long term care facility: When the column is blank, the item is NOT reimbursable for a resident of a long term care facility. A 'Y' indicator in this column means the item is allowed for reimbursement for a resident. Reference: SECTION 2, <u>Medical Supplies</u> ; Chapters 1, MEDICAL SUPPLIES, 2 - 1, Nutritional Products; 2 - 2, Parenteral and Enteral Nutrition Therapy; 2 - 7, Oxygen and Related Respiratory Equipment; 2 - 8, Monitoring Equipment; 2 - 9, Wheelchairs and 5, SUPPLIES FOR PATIENTS IN A LONG TERM CARE FACILITY.
<b>COMMENTS &amp; LIMITS</b>	Indicates the allowable number of times the item may be reimbursed and other pertinent information. Exceeding the stated limit requires medical necessity and a prior authorization. Reference: SECTION 2, <u>Medical Supplies</u> , Chapter 3, LIMITATIONS

### KEY TO DISTINGUISHING CODE CHANGES:

New codes are in **bold print**.

A vertical line in the margin, like the example to the left, marks where text was changed or added.

An asterisk ( \*) in the margin marks where a code was deleted.

**FIRST AID SUPPLIES, WIPES, SWABS**

A4500	Surgical stockings below knee length, each					2 pair every 6 months
A4510	Surgical stockings full length, each					2 pair every 6 months
<b>A6507</b>	Compression burn garment, foot to knee, custom fabricated			W		2 pair every 6 months
A6510	Compression burn garment, Trunk, including arms down to leg openings, custom fabricated			W		2 pair every 6 months
A6511	Compression burn garment, lower Trunk, including legs , custom fabricated			W		2 pair every 6 months
A6512	Compression burn garment, not other classified, custom fabricated			W		2 pair every 6 months
S8424	Gradient pressure aid (Sleeve), ready made			W		
S8428	Gradient pressure aid (Gauntlet) ready made			W		

## URINARY CATHETERS

CODE	DESCRIPTOR	AGE	CRITERIA & INSTRUCTIONS	P A	L T C	COMMENTS & LIMITS
A4310	Insertion tray without drainage bag and without catheter					Accessories only
A4311	Insertion tray without drainage bag, with indwelling catheter, foley type, two way latex with coating					Teflon, silicone, silicone elastomer, or hydrophilic
A4312	Insertion tray without drainage bag with indwelling catheter foley type, two-way, all silicone					
A4313	Insertion tray without drainage bag with indwelling catheter, foley type, three-way, for continuous irrigation					
A4314	Insertion tray with drainage bag with indwelling catheter, foley type, two-way latex with coating					2 per month. Teflon, silicone, silicone elastomer or hydrophilic, etc.
A4315	Insertion tray with drainage bag with indwelling catheter, foley type, two-way, all silicone					2 per month
A4316	Insertion tray with drainage bag with indwelling catheter, foley type, three-way, for continuous irrigation					2 per month
A4320	Irrigation tray for bladder irrigation with bulb or piston syringe, any purpose					4 per month
* A4326	Male external catheter specialty type with integral collection chamber, each					
A4327	Female external urinary collection device, meatal cup, each					
A4328	Female external urinary collection device; pouch, each					
A4334	Urinary catheter anchoring device, leg strap, each					
A4340	Indwelling catheter; specialty type, for example, coude, mushroom, wing, etc.					
A4344	Indwelling catheter, foley type, two-way all silicone					2 per month
A4346	Indwelling catheter; foley type, three-way for continuous irrigation					2 per month
* A4348	Male external catheter with integral collection compartment, extended wear, each (e.g., 2 per month)					Teflon, silicone, silicone elastomer, or hydrophilic, etc. 2 per month
<b>A4349</b>	Male external catheter, with or without adhesive, disposable, each					36 per month
A4351	Intermittent urinary catheter; straight tip, with or without coating (teflon, silicone, silicone elastomer, or hydrophilic, etc.), each					100 per month

CODE	DESCRIPTOR	AGE	CRITERIA & INSTRUCTIONS	P A	L T C	COMMENTS & LIMITS
A4352	Intermittent urinary catheter; coude (curved) tip, with or without coating (teflon, silicone, silicone elastomeric, or hydrophilic, etc.), each					100 per month
A4354	Insertion tray with drainage bag but without catheter					
A4355	Irrigation tubing set for continuous bladder irrigation through a three-way indwelling foley catheter, each					
A4356	External urethral clamp or compression device (not to be used for catheter clamp), each					
A4357	Bedside drainage bag, day or night, with or without anti-reflux device, with or without tube, each					
A4358	Urinary drainage bag, leg or abdomen, vinyl, with or without tube, with straps, each					
A4359	Urinary suspensory without leg bag, each					3 per month
A4398	Irrigation supply; bag, each					30 per month
A4399	Irrigation supply; cone/catheter, includes brush					6 per month
A4860	Disposable catheter tips for peritoneal dialysis, per 10					
A5102	Bedside drainage bottle, rigid or expandable, with or without tubing; each					
A5105	Urinary suspensory; with leg bag, with or without tube					
A5112	Urinary leg bag; latex					
A5113	Leg strap; latex, per set					
A5114	Leg strap; foam or fabric, per set					
E0276	Bed pan, fracture, metal or plastic					
E0325	Urinal; male, jug-type, any material

## OSTOMY SUPPLIES

References: SECTION 2, Medical Supplies, Chapter 1, MEDICAL SUPPLIES; Chapter 5, SUPPLIES FOR PATIENTS IN A LONG TERM CARE FACILITY

CODE	DESCRIPTOR	AGE	CRITERIA & INSTRUCTIONS	P A	L T C	COMMENTS & LIMITS
A4361	Ostomy faceplate					10 per month
A4362	skin barrier, solid 4x4 or equivalent, each					
A4364	Adhesive for ostomy or catheter; liquid (spray, brush, etc.) cement, powder or paste; any composition (E.g., silicone, latex, etc.); per oz					
A4367	Ostomy belt					4 per month 4 oz per month
<b>A4368</b>	Ostomy Filter, any type					
A4369	Skin barrier; liquid (spray, brush, etc.).					
A4371	Skin barrier, powder, per oz					1 piece
A4373	Ostomy Skin Barrier, w flange convexity, any size					
A4375	Pouch, drainable; with faceplate attached; plastic					
A4376	Pouch, drainable; faceplate attached; rubber (ea)					
A4377	Pouch, drainable; use on faceplate, plastic (ea)					
A4378	Pouch, drainable, use on faceplate, rubber (ea)					
A4379	Pouch, urinary; with faceplate attached; plastic (ea)					
A4380	Pouch, urinary, with faceplate attached, rubber (ea)					
A4382	Pouch, urinary, with faceplate attached, heavy plastic (ea)					
A4383	Pouch, urinary, use on faceplate, rubber (ea)					
A4384	Ostomy faceplate equivalent, silicone ring, (ea)					
A4385	Ostomy skin barrier, solid 4x4 or equivalent, extended wear, without built-in convexity, each					
A4387	Ostomy pouch closed, with standard wear barrier attached, with built-in convexity (1 piece), each					2 per month
A4388	Ostomy pouch, drainable; ext wear with barrier attached					
A4389	Ostomy pouch, drainable, with standard wear barrier attached, with built-in convexity (1 piece), each					
A4390	Ostomy pouch, drainable, with extended wear barrier attached, with built-in convexity (1 piece), each					
A4391	Ostomy pouch, urinary, with extended wear barrier attached, without built-in convexity (1 piece), each					
A4392	Ostomy pouch, urinary, with standard wear barrier attached, with built-in convexity (1 piece), each					
A4393	Ostomy pouch, urinary, with extended wear barrier attached, with built-in convexity (1 piece), each					
A4400	Ostomy irrigation set					
A4404	Ostomy rings, each					
A4407	Ostomy skin barrier, with flange (solid, flexible, or accordion), extended wear, with built-in convexity, 4x4 inches or smaller, each					
A4409	Ostomy skin barrier, with flange (solid, flexible, or accordion), extended wear, without built-in convexity, 4x4 inches or smaller, each					
A4455	Adhesive remover or solvent (for tape, cement or other adhesive) per ounce					2 per month

CODE	DESCRIPTOR	AGE	CRITERIA & INSTRUCTIONS	P A	L T C	COMMENTS & LIMITS
A4414	Ostomy skin barrier, with flange (solid,) Flexible or accordion) without built-in convexity, 4x4 inches or smaller, each					60 per month
A4419	Ostomy pouch, closed; for use on barrier with locking flange, with filter, (2 piece), ea. (2 PIECE), EACH					
A5051	Ostomy pouch, closed; with barrier attached (1 piece)					
A5052	Ostomy pouch, closed; without barrier attached (1 piece)					
A5053	Ostomy pouch, closed; for use on faceplate					
A5054	Ostomy pouch, closed; for use on barrier with flange (2 piece)					20 per month
A5055	Stoma cap					
A5061	Pouch, drainable, with barrier attached					20 per month
A5062	Ostomy pouch, drainable; without barrier attached (1 piece)					20 per month
A5063	Ostomy pouch, drainable; for use on barrier with flange; 2 piece system					1 piece
A5072	Ostomy pouch, urinary; without barrier attached					
A5073	Ostomy pouch, urinary; or use on barrier with flange					2 piece
A5081	Continent device; plug for continent stoma					2 boxes per month
A5082	Continent device; catheter for continent stoma					
A5093	Ostomy accessories, convex insert					
A5119	Skin barrier, wipes or swabs, per box 50					2 boxes per month
A5126	Adhesive or non-adhesive; disc or foam pad, each					1 per month
A4428	Ostomy Pouch, urinary, with extended wear barrier attached, with facet-type tap with valve, one piece each					

## SYRINGES

References: SECTION 2, Medical Supplies, Chapter 1, MEDICAL SUPPLIES; Chapter 2 - 2, Parenteral and Enteral Nutrition Therapy; Chapter 2 - 3, I.V. Therapy; Chapter 2 - 4, Enteral, Parenteral and I.V. Therapy Pumps; Chapter 5, SUPPLIES FOR PATIENTS IN A LONG TERM CARE FACILITY

CODE	DESCRIPTOR	AGE	CRITERIA & INSTRUCTIONS	PA	L T C	COMMENTS & LIMITS
A4206	Syringe with needle, sterile 1cc each					100 per month
A4207	Syringe with needle, sterile 2cc					100 per month
A4208	Syringe with needle, sterile 3cc					100 per month
A4210	Needle-free injection device					1 per lifetime
A4212	Non-coring needle or stylet; with or without catheter					30 per month
A4213	Syringe, sterile 20cc or greater					30 per month
A4215	Needles only, sterile, any size					100 per month
S8490	Insulin Syringe					100 per month

**MISCELLANEOUS SUPPLIES**

CODE	DESCRIPTOR	AGE	CRITERIA & INSTRUCTIONS	P A	LT C	COMMENTS & LIMITS
<b>A4216</b>	Sterile water/saline 10ml					
A4250	Urine test or reagent strips or tablets (100 tablets or strips)					2 per month
A4253	Blood glucose test or reagent strips for home blood glucose monitor, per 50 strips					4 per month
A4258	Auto/lancet device, each					
A4259	Lancets, per box of 100					2 per month
A4260	Levonorgestrel contraceptive implant system, including implant and supplies (Norplant)	age 12 & older			Y	
A4570	Splint					
A4580	Cast supplies (e.g. plaster)					
A4614	Peak expiratory flow rate meter, hand held					1 per year
A4660	Sphygmomometer-blood pressure apparatus with cuff and stethoscope					1 every 5 years
A4663	Blood pressure cuff only					1 every 5 years
A4670	Automatic blood pressure monitor		1. Physician order with diagnosis. 2. Letter of medical necessity documenting medical need for the client's blood pressure to be continuously recorded.	W		Purchase only
A4772	Blood glucose test strips, for dialysis, per 50					4 per month. Each unit = 1 box of 50 (such as chemstrips BG visidex, etc.)
A4773	Occult blood test strips, for dialysis, per 50					4 per month. Each unit = 1 bottle of 50 (for occult blood)
E0200	Heat lamp, without stand (table model) includes bulb, or infrared element					
E0202RR	Phototherapy (bilirubin) light with photometer					7 days maximum rental per day May be extended beyond 7 days by prior authorization.
E0602	Breast pump, manual, any type					Electric pumps are not covered.
A4483	Moisture exchanger, disposable (artificial nose)					30 per month
<b>T5001</b>	Positioning seat for persons with special orthopedic needs for use in vehicles	0-20	1. Physician order 2. Medical condition requiring special positioning during transit 3. Documentation of evidence that a regular, non-medical car seat is not medically appropriate.	W		1 every five years.

CODE	DESCRIPTOR	AGE	CRITERIA & INSTRUCTIONS	P A	LT C	COMMENTS & LIMITS
<b>E0483LL</b>	High frequency chest wall oscillation air-pulse generator system, (includes hoses and vest), each.		Only available after documentation that traditional air-way clearance therapies have failed or are inappropriate. See Medical Supplies Manual for additional criteria.	W		Capped Rental after 12 months
<b>E2404RR</b>	Negative pressure wound therapy, electric pump, stationary/portable.		Only available is after documentation of traditional wound healing techniques have failed. See Medical Supplies Manual for additional criteria.	W		Limited to 30 days of treatment, additional 30 possible with documented improvement
<b>A6550</b>	Dressings set for negative pressure therapy for electric pumps, each,		to be used with E2404	W		Limited to 2 per month
<b>A6551</b>	Canister set for negative pressure therapy for electric pumps, each,		to be used with E2404	W		Limited to 3 per month

CODE	DESCRIPTOR	AGE	CRITERIA & INSTRUCTIONS	P A	LTC	COMMENTS & LIMITS
L5676	Addition to lower extremity, below knee, knee joints, single axis, pair		1. Where the stump is short and pulls out of the cuff of the prosthesis in ordinary, daily living activities; 2. Where the skin on the stump is sensitive or irritated and pressure must be relieved; 3. When the patient is pregnant and weight in the stump should be relieved. The approval will not be made when the reason given is that the patient's stump pulls out of the cuff during active sports or unusual activities not related to daily living, or because the patient merely desires a lacer.	T	Y	Must be used with code L5680. 1 every 5 years
L5679	Addition to lower Extremity, below knee/above knee, custom fabricated from existing mold or prefabricated, socket, insert, – not for use with locking mechanism				Y	1 every 5 years
L5680	Addition to lower extremity, below knee, thigh lacer, non-molded		1. When the stump is short and pulls out of the cuff of the prosthesis in ordinary, daily living activities; 2. Where the skin on the stump is sensitive or irritated and pressure must be relieved; 3. When the patient is pregnant and weight in the stump should be relieved. The approval will not be made because the patient's stump pulls out of the cuff during active sports or unusual activities not related to daily living, or because the patient merely desires a lacer.	T	Y	1 every 5 years
L5681	Addition of lower extremity, below knee/above knee, custom fabricated socket insert of congenital or atypical traumatic amputee, – with or without locking mechanism				Y	1 every 5 years
L5683	Addition to lower extremity, below knee/above knee custom fabricated socket inset for other than congenital or atypical traumatic amputee, silicon, – with or without locking mechanism				Y	1 every 5 years
L5684	Addition to lower extremity, below knee, fork strap				Y	1 every 5 years
L5690	Addition to lower extremity, below knee, waist belt, padded				Y	1 every 5 years

CODE	DESCRIPTOR	AGE	CRITERIA & INSTRUCTIONS	P A	LTC	COMMENTS & LIMITS
L5694	Addition to lower extremity, above knee, pelvic control belt, padded and lined				Y	1 every 5 years
L5697	Addition to lower extremity, above knee or knee disarticulation, pelvic band				Y	1 every 5 years
L5698	Addition to lower extremity, above knee or knee disarticulation, silesian bandage				Y	1 every 5 years
L5700	Replacement, socket, below knee, molded to patient model				Y	1 every 5 years
L5701	Replacement, socket, above knee/knee disarticulation, including attachment, molded to patient model				Y	1 every 5 years
L5702	Replacement, socket, hip disarticulation, including hip joint, molded to patient model				Y	1 every 5 years
L5710	Addition, exoskeletal knee-shin system, single axis, manual lock				Y	1 every 5 years
L5712	Addition, exoskeletal knee-shin system, single axis, friction swing and stance phase control (safety knee)				Y	1 every 5 years
L5718	Addition, exoskeletal knee-shin system, polycentric, friction swing and stance phase control				Y	1 every 5 years
L5785	Addition, exoskeletal system, below knee, ultra-light material		Doctor's order with diagnosis/ medical necessity for ultra light material, such as double amputee, child, or very small adult	T	Y	1 every 5 years
L5810	Addition, endoskeletal knee-shin system, single axis, manual lock				Y	1 every 5 years
L5812	Addition, endoskeletal knee-shin system, single axis, friction swing and stance phase control (safety knee)				Y	1 every 5 years
L5840	Addition, endoskeletal knee/shin system, 4-bar linkage or multiaxial, pneumatic swing phase control				Y	1 every 5 years
L5850	Addition, endoskeletal system, above knee or hip disarticulation, knee extension assist				Y	1 every 5 years
L5855	Addition, endoskeletal system, hip disarticulation, mechanical hip extension assist				Y	1 every 5 years
L5910	Addition, endoskeletal system, below knee, alignable system				Y	1 every 5 years
L5920	Addition, endoskeletal system, above knee or hip disarticulation, alignable Doctor's order with diagnosis/ medical necessity for ultra light material, such as double amputee, child, or very small adult.				Y	1 every 5 years

CODE	DESCRIPTOR	AGE	CRITERIA & INSTRUCTIONS	P A	LTC	COMMENTS & LIMITS
L5925	Addition, endoskeletal system, above knee, knee or hip disarticulation, manual lock				Y	1 every 5 years
L5940	Addition, endoskeletal system, below knee, ultra light material (titanium, carbon fiber or equal)		Doctor's order with diagnosis/ medical necessity for ultra light material, such as double amputee, child, or very small adult.	T	Y	1 every 5 years
L5950	Addition, endoskeletal system, above knee, ultra light material (titanium, carbon fiber or equal)		Doctor's order with diagnosis/ medical necessity for ultra light material, such as double amputee, child, or very small adult	T	Y	1 every 5 years
L5968	All lower extremity prostheses, ankle, multiaxial shock absorbing system		Physician ordered Diagnosis or description of disability No other ankle has been provided within a year Medical necessity for shock absorbing ankle identified	T	Y	1 every 5 years
L5970	All lower extremity prostheses, foot, external heel, sach foot				Y	1 every 5 years
L5972	All lower extremity prostheses, flexible heel foot (safe, sten, bock dynamic or equal)				Y	1 every 5 years
L5974	All lower extremity prostheses, foot, single axis ankle/foot				Y	1 every 5 years
L5976	All lower extremity prostheses, energy storing foot (Seattle carbon copy II or equal)				Y	1 every 5 years
L5978	All lower extremity prostheses, foot multiaxial ankle/foot (Griesinger or equal)				Y	1 every 5 years
L5979	All lower extremity prosthesis, multi-axial ankle, dynamic response foot, one piece system				Y	1 every 5 years
L5980	All lower extremity prostheses, flex foot system				Y	1 every 5 years
L5982	All exoskeletal lower extremity prostheses, axial rotation unit				Y	1 every 5 years
L5984	All endoskeletal lower extremity prostheses, axial rotation unit, with or without adjustability				Y	1 every 5 years
L5986	All lower extremity prostheses, multi-axial rotation unit ("MCP" or equal)				Y	1 every 5 years

### UPPER LIMB: MEDICAL SUPPLIES

Reference: SECTION 2, Medical Supplies, Chapter 3, LIMITATIONS

CODE	DESCRIPTOR	AGE	CRITERIA & INSTRUCTIONS	P A	LTC	COMMENTS & LIMITS
L6000	Partial hand, robin-aids, thumb remaining (or equal)				Y	1 every 5 years
L6050	Wrist disarticulation, molded socket, flexible elbow hinges, triceps pad				Y	1 every 5 years
L6100	Below elbow, molded socket, flexible elbow hinge, triceps pad				Y	1 every 5 years
L6200	Elbow disarticulation, molded socket, outside locking hinge, forearm				Y	1 every 5 years
L6310	Shoulder disarticulation, passive restoration (complete prosthesis)				Y	1 every 5 years
L6500	Above elbow, molded socket, endoskeletal system, including soft prosthetic tissue shaping				Y	1 every 5 years
<b>L6660</b>	Upper extremity addition, heavy duty control cable				Y	1 every 5 years
L6675	Upper extremity additions, harness, (e.g. figure of eight type), single cable design				Y	1 every 5 years
L6680	Upper extremity addition, test socket, wrist disarticulation or below elbow				Y	1 every 5 years
L6684	Upper extremity addition, test socket, shoulder disarticulation or interscapular thoracic				Y	1 every 5 years
L6725	Terminal device, hook, dorrance, or equal, model #7				Y	1 every 5 years
L6830	Terminal device, hand, APRL, VC				Y	1 every 5 years

### REPAIR PROSTHETIC DEVICE

References: SECTION 2, Medical Supplies, Chapter 1, MEDICAL SUPPLIES; Chapter 3, LIMITATIONS; Chapter 7, REPAIRS and REPLACEMENT

CODE	DESCRIPTOR	AGE	CRITERIA & INSTRUCTIONS	PA	LTC	COMMENTS & LIMITS
L7500	Repair of prosthetic device, hourly rate				Y	3 hours per year
